Guide: Overview of the Bryq Assessment

The Bryq Assessment is designed to evaluate both cognitive abilities and personality traits to help determine a candidate's suitability for a role. It consists of two main sections:

Cognitive Skills

This section includes numerical, logical, and verbal reasoning questions.

Personality Assessment

This section measures traits such as adaptability, teamwork, and leadership potential.

The assessment does not have a pass/fail score, but performing well can improve your chances of advancing in the hiring process.

Cognitive Skills

The cognitive section evaluates problem-solving, logical thinking, and comprehension. Below are key areas tested and ways to prepare:

1. Numerical Reasoning

Measures your ability to interpret data and solve mathematical problems.

Example Question: If a product originally costs $50 and is on sale for 20% off, what is the new price?

- A) $30
- B) $40
- C) $42
- D) $45

Answer: B) $40

Practice: Use Khan Academy or Practice Aptitude Tests.

2. Logical/Abstract Reasoning

Assesses your ability to identify patterns and make logical deductions.

Example Question: Find the missing shape in a pattern sequence.

Practice: Try sample tests from Mensa or AssessmentDay.

3. Verbal Reasoning

Tests your ability to understand written information and draw conclusions.

Example Question: "If all managers are leaders and some leaders are coaches, can we conclude that some managers are coaches?" (Yes/No) **Practice:** Improve reading comprehension with Practice Aptitude Tests.

Personality Assessment Section

This section measures work style, preferences, and behavioral tendencies. There are no right or wrong answers, but consistency is key.

Tips for Success:

- **Be honest**—answer in a way that reflects your true work style.
- **Stay consistent**—avoid contradicting yourself in responses.
- **Review the job description**—understand what traits align with the role but do not try to "game" the test.

Test-Taking Best Practices

- **Choose a Quiet Space** – Ensure minimal distractions.
- **Use a Computer** – A laptop/desktop is recommended for better navigation.
- **Check Your Internet Connection** – Prevent interruptions.
- **Read Questions Carefully** – Don't rush; ensure you understand each question.
- **Manage Your Time** – Some sections are timed; pace yourself.
- **Stay Calm and Focused** – Confidence helps performance!

Recommendations for Taking the Bryq Assessment

- **Find a Quiet Environment** – Choose a distraction-free space to stay focused throughout the assessment.
- **Use a Stable Internet Connection** – Ensure you have a reliable connection to avoid interruptions.
- **Read Instructions Carefully** – Take your time to understand each question before answering.
- **Be Yourself** – The assessment evaluates both cognitive abilities and personality traits, so answer honestly and naturally.
- **Manage Your Time Wisely** – Some sections may be timed, so pace yourself accordingly.
- **Use a Computer if Possible** – While the assessment may be mobile-friendly, a desktop or laptop provides a better experience.
- **Check Your Equipment** – Ensure your device, browser, and any necessary settings are working properly before starting.
- **Stay Calm and Focused** – Approach the assessment with a clear and confident mindset.
- **Calculator Use:** Candidates **are allowed** to use calculators, encouraging the utilization of helpful tools for optimal performance.
- **Use pen an paper** if needed.
